GENERAL INDUSTRY STATISTICS

(CFC1) Paper Industry Annual Capacity and Fiber Consumption, Price: \$1,975

Aggregate U.S. capacity totals for major grades of paper, paperboard and wood pulp from a comprehensive annual survey of each U.S. mill. The report includes a summary of annual capacities; capacity by grade, both annual and at year-end, with available days and daily rate; historical capacities and announced capacity changes. The report also provides industry fiber consumption by type including wood pulp and recovered paper, as well as pulpwood. Also included in the report is recovered paper consumption by end-use, with a look at actual consumption as well as projected consumption for the next year. Definitions and concepts are supplied.

(PPB2) Paper Industry Annual Statistical Summary, Price: \$3,025

Presents a broad range of U.S. paper industry statistics including production, consumption, capacity, and U.S. imports & exports. Also includes information about fiber usage, employment, wages and productivity, capital expenditures, and industry financial data. Presents long-term trends, with most data series showing 10-20 years of history. Useful web references, definitions and grade descriptions are also included in this report.

(PPB1) Paper Industry Monthly, Price: \$2,650 per year

Covers all major grades of paper, board, and pulp. Data elements include production, inventory, operating rates, recovered paper consumption, U.S. imports/exports, producer price index data, and some seasonally adjusted production data. It is ideal for analysts who want a statistical overview of the paper industry in one report. However, it is not as timely or as detailed as AF&PA's product-specific reports.

(I4) Paper Industry Monthly Imports-Exports, Price: \$500 per year

Year-to-Date exports and imports of pulp, paper, paperboard, and converted products by world regions are available in this report. Included with the shipments are the dollar value and the percent changes over same time last year. Data are from U.S. Census Bureau, Foreign Trade Division.

PAPERBOARD [Also see "Containerboard" and "Boxboard" below]

(PB2A) Paperboard Monthly by Furnish, Price: \$775 per year

Monthly boxboard production and operating rates by furnish: Unbleached, Solid Bleached, Semichemical, and Recycled.

(IEM2) U.S. Monthly Paperboard Exports, Price: \$500 per year

Year-to-Date exports for Kraft linerboard and bleached Kraft paperboard ranked by difference in shipments amounts. Includes dollar values. Data are from U.S. Census Bureau, Foreign Trade Division.

CONTAINERBOARD

(CB3) Containerboard Monthly, Price: \$3,950 per year

Provides a wide range of relevant containerboard related data. Contains monthly and year-to-date production for virgin and recycled types of linerboard and medium; also data on domestic and export production, operating rates, and containerboard inventories at mills.

(CB1) Containerboard Monthly Executive Summary, Price: \$1,550 per year (CB3 subscribers only)

Presents total production and inventory of major containerboard groupings for current month, same month, previous year and current year-to-date. The daily average percent change supplies a quick monthly comparison reference point.

Industry Reports

All AF&PA members may download reports free from www.StatMill.org. Copies of the following publications may be purchased by sending an e-mail to Statistics_Publications@AFandPA.org.

(CB13) Containerboard Monthly Shipments, Price: \$800 per year (CB3 subscribers only)

As a companion to the "U.S. Containerboard Monthly Report", this reports contains containerboard shipment data. The data are presented as shipment tons, billions of square feet and average basis weights (calculated using total pounds divided by reported shipments in thousands of square feet).

(CB8) Containerboard Annual Statistical Summary, Price: \$1,900

Summary contains annual containerboard data, including production, inventory, and capacity by grade, over a 15-year period. Production by basis weight for linerboard and medium help identify shifts in basis weights.

(CB9) Containerboard Annual Time Series, Price: \$1,875

Data used to evaluate long-term cyclical changes that are reflected in seasonally adjusted monthly industry data. Also provides a historical time series of both adjusted and unadjusted monthly data on containerboard production and inventory data over a 10-year period.

BOXBOARD

(PB1) Boxboard Weekly, Price: \$3,150 per year

Snapshot of solid bleached paperboard and recycled boxboard industry, including coated and uncoated recycled boxboard. The report details weekly production and unmade orders data as well as operating and activity rates.

(PB2) Boxboard Monthly Production, Price: \$3,150 per year

Monthly production data and operating rates for bleached paperboard, unbleached and recycled boxboard. Contains monthly and YTD data on domestic and export board production. Reports monthly boxboard production by end-use.

(PB13) Boxboard Monthly Shipments, Price: \$800 per year (PB2 subscribers only)

Companion to the "Solid Bleached Paperboard, Unbleached and Recycled Boxboard Monthly", this reports contains paperboard shipment and inventory data. The data are presented as shipment tons, billions of square feet, and average basis weights (calculated using total pounds divided by reported shipments in thousands of square feet).

(PB3) Boxboard Monthly Exports, Price: \$775 per year

By grade, monthly and YTD port of embarkation and country of destination. Data are from U.S. Census Bureau, Foreign Trade Division.

(PB5) Boxboard Annual Time Series, Price: \$1,550

Report is used to evaluate long-term cyclical changes that are reflected in seasonally adjusted monthly industry data. Includes time series of both adjusted and unadjusted monthly production data over a 10-year period.

KRAFT PAPER

(KR1) Kraft Paper Monthly, Price: \$2,325 per year

Current month and YTD shipments presented for all major grades. Total mill and warehouse inventories for containerboard and unbleached and bleached Kraft paper. Imports of unbleached and bleached Kraft paper. Information is provided on operating rates.

(KR7) Kraft Paper Monthly Imports, Price: \$500 per year

Monthly and year-to-date imports of detailed Kraft paper grades. Imports are reported in shorts tons and U.S. dollars. Data are from U.S. Census Bureau, Foreign Trade Division.

PRINTING-WRITING PAPER

(PW2) Printing-Writing Monthly, Price: \$4,100 per year

Shipments by grade and end-use, mill inventories, and gross dollar value for a 13-month period. Also contains import/export data as well as apparent demand information. The report is distributed on the 20th of each month.

(PW20) Printing-Writing North American Monthly, Price: \$825 for PW2 subscribers; \$4,100 for non-subscribers

North American total printing-writing data by shipments, inventory, trade, demand, and operating rates. Also includes North American demand for the four major grades of paper as well as data on offset-opaque paper shipments and inventory levels for North America. Excel version includes interactive trade map. The report also includes charts of major economic indicators relevant to printing-writing. Published one business day after the Printing-Writing Monthly Report (PW2).

(PW4) Printing-Writing Monthly Prelim, Price: \$2,200 per year

Shipments of the four major grades (uncoated free sheet, coated free sheet, coated mechanical, and uncoated mechanical). Includes reported monthly data and estimates from companies representing over 95% of U.S. capacity and is meant to give a snapshot of the trends before the total industry numbers come out in the Printing-Writing Monthly Report (PW2). The report comes out on the 11th of the month.

(PW5) Printing-Writing Monthly Imports-Exports, Price: \$650

Imports and exports for current month and YTD in tons; also dollars and dollars per ton. Data covers four printing-writing grades, Bristols, and Newsprint. Includes pivot tables and a data set. Data are from U.S. Census Bureau, Foreign Trade Division.

(PW7) Printing-Writing Annual Time Series, Price: \$1,875

Report is used to evaluate long-term cyclical changes that are reflected in seasonally adjusted industry data. Includes industry shipments for various printing-writing grades and end-uses.

(PW8A) Printing-Writing Annual Uncoated Free Sheet, Price: \$825 for PW2 subscribers; \$1,300 for non-subscribers

Industry shipments of uncoated free sheet by basis weight, rolls vs. sheets and cut-size, brightness and colors, and method of distribution.

(PW8B) Printing-Writing Annual Bristols, Price: \$825 for PW2 subscribers; \$1,300 for non-subscribers

Industry shipments of solid bleached Bristol grades by basis weight, caliper, rolls vs. sheets, finishes, method of distribution, and end-uses.

(PW8C) Printing-Writing Annual Coated Papers, Price: \$825 for PW2 subscribers; \$1,300 for non-subscribers

Industry shipments of coated free sheet and coated mechanical by basis weight, rolls vs. sheets, finishes, method of distribution, and method of print.

(PW19) Printing-Writing Annual Statistical Summary, Price: \$1,875

Industry shipments and U.S. purchases by grade; compared to GDP; sales volume by distribution channel; shipments by end-use; average gross value; capacity and derived production volumes; and import and export data.

RECOVERED PAPER

(PR1) Recovered Paper Monthly, Price: \$3,750 per year

Total monthly consumption by U.S. paper mills of recovered paper, by major grade. Also includes monthly receipts, inventory, imports and exports of recovered paper by major grade. The data for this report undergo an annual audit from February until the end of March, during which time the report is not published.

Copies of the following publications may be purchased by
sending an e-mail to Statistics_Publications@AFandPA.org.

(PR2) Recovered Paper Monthly Imports-Exports, Price: \$2,150 per year

Recovered paper exports by grade, year, month, port of embarkation and country of destination for the current and prior year; historical exports by grade, year and destination for the past 10 years; monthly U.S. imports by grade, year, month and country of origin for the current and prior year. Includes summary tables, pivot tables, charts and a comprehensive data set. Data are from U.S. Census Bureau, Foreign Trade Division.

(PR2EXEC) Recovered Paper Monthly Exports Summary, Price: \$500 per year (PR2 subscribers only)

Features total export tons by grade, exports to the top five U.S. trade partners, trend charts for the last 13 months, and comparison charts for the last six months and the same six months last year.

(PR3) Recovered Paper Annual Statistical Summary, Price: \$1,300

Consumption of recovered paper by end-use and region for the five major grade categories within the U.S.; exports to the top destinations and for all U.S. ports of embarkation; U.S. recovery rate and utilization of recovered paper in paper and paperboard manufacture. Includes data for the past 10 years.

AF&PA Terms of Use for Statistical Publications

AF&PA owns the copyright to each published statistical report. Generally, you may not republish content of any AF&PA statistical report (including, but not limited to, data tables) or redistribute AF&PA publications in whole or in part, and use in any electronic device or network, without explicit written permission from AF&PA. However, it is acceptable to reprint:

- Statistical information included in the press releases that are made available to the public.
- Percent changes listed in all reports for all published grades, e.g.:
 - Year over Year
 - Current Month v. Previous Month
 - Current Month v. Current Month Previous Year
 - Year to Date v. Previous Year to date
- For Printing-Writing reports only
 - (same as above)
 - Tonnage (Shipments and Inventory) as part of text (not actual tables)

Redistribution or republication of copyrighted AF&PA content beyond the information “acceptable to reprint” without explicit permission is grounds for cancellation of your subscription and is a violation of copyright held by AF&PA.

Users must provide accurate contact information when subscribing to AF&PA reports, and must identify the organization for which they work. Misrepresentation is grounds for cancellation of your subscription without refund.
